

Café and Children's Play Centre

ENTRY INTO PLAY CENTRE CHILDREN'S BEHAVIOUR POLICY

Children are usually well behaved and able to follow either parental or caregiver instructions of appropriate behaviour in social situations, however, when they are excited about playing on the play centre equipment, they often disregard their normal "good manners" and may engage in behaviour that can affect the safety and hygiene of other children's enjoyment.

Due to the requirements of ensuring the play centre is a safe and hygienic area for children's play, the management of Kidz Jungleplay Café and Children's Play Centre would ask for parents and caregivers of children to support our centre's "children's behaviour policy"

- Socks are required to be worn at all times by children and supervising adults in play area. This is to ensure a healthy environment for children using the play centre equipment. Please use "shoe store area" for safer walking in centre for both children and adults—no shoes allowed in café passageways between tables or play centre due to risk of people falling
- Please ensure your children are playing in their "age appropriate area". There is a 0-2 year play area and children of other ages are discouraged from playing in this area if small children are using it. If your child is playing responsibly and showing care with the younger children, then this is alright, however, boisterous play is not suitable for the younger children's safety.
- No food or beverages are to be consumed by children in the play centre equipment area, only café area. If food or beverages are taken into this area, resulting in the need for equipment cleaning, then a cleaning fee may be applied. This is due to the hygiene requirements for children's play centre equipment.
- Children are NOT to do any of the following:-
 - Moving play centre equipment for use in other areas eg. throwing 0-2 year matting in inflatable slide area
 - Jumping on inflatable play equipment with any sharps objects eg. Café knives and forks
 - Throwing "ball pit balls" in the air to hit other children, lights or to land on top of play equipment
 - Moving "soft fall matting" around the play centre equipment
 - Using padded exercise shapes in 0-2 year area as "weapons" by hitting other children
 - Climbing on the play centre equipment external walls or meshing
 - Jumping from the inflatables, especially the inflatable slide
 - Climbing, lying or bouncing on the "purple" cushioned sides of the inflatable slide
 - Excessive running that endangers other children
 - Pushing children on the "flying fox" to make them fall off
 - Pushing or pulling of other children on the play equipment to "get their turn quicker"
 - Excessively loud noise levels that are disrupting other children and adults eg. Loud yelling, screaming
- No children are to use the play centre equipment and surrounding area for toileting or spitting. Please advise centre management immediately if a child has "had a toileting accident" so clean-up can be done
- No racial, cultural, gender, disability or religious comments that offend other children (or adults) will be tolerated
- No inappropriate vulgar language (swearing), that is offensive to others at the play centre, will be tolerated.
- **If either the child or the child's parent or caregiver are unwilling to modify or correct the child's behaviour, then reluctantly their entry to the play centre will be revoked by centre management**
