

Café and Children's Play Centre

ENTRY INTO PLAY CENTRE TERMS & CONDITIONS

- Please ensure that **you have registered your child or children on a signed Kidz Jungleplay "Indemnity Form" PRIOR to any child entering the play centre and using the play centre equipment.** This process is **essential** for insurance purposes.
- Parents/Caregivers are responsible for the actions and supervision of their children at all times. Please review appropriate behavior requirements expected for the safety of other children and use of play centre equipment— "Children's Behaviour Policy" details on reverse of this information
- All children are to be mindful of others who are playing on the play centre equipment — throwing balls/matting or padded exercise equipment, punching, running, pushing, pulling or inappropriate behaviour will **NOT** be accepted.
- Socks are required to be worn at all times by children and supervising adults in play area. This is to ensure a healthy environment for children using the play centre equipment
- To play on centre equipment, the age limit is 12yrs. Separate play area is available for children from 0-2 years .
- Please ensure your children are playing in their "age appropriate area". There is a 0-2 year play area and children of other ages are discouraged from playing in this area if small children are using it. If your child is playing responsibly and showing care with the younger children, then this is alright, however, boisterous play is not suitable for the younger children's safety.
- Adults and children over 12yrs are only allowed to assist children on play equipment. Otherwise you will be asked to hop off. Exceptions may apply for supervising children with a disability when approved by centre management.
- No more than 30 children at a time on play centre equipment due to safety requirements
- No food or beverages are to be consumed by either children or adults in the play centre equipment area, only café area. If food or beverages are taken into this area, resulting in the need for equipment cleaning, then a cleaning fee may be applied. This is due to the hygiene requirements for children's play centre equipment.
- No "outside" food or beverages, other than baby food or bottles, will be allowed in the café and play centre. This is a hygiene requirement for café operations.
- Due to being a children's play centre, glass bottles are to be carefully handled to prevent breakage. However, if a breakage occurs, then a secure wrapping of broken items is needed. Please ask management staff for any assistance.
- If any play centre equipment is broken due to inappropriate behaviour by either children or adults, then a repair or replacement fee will be necessary.
